## TOPICS OF THE DAY.

—The Legislature of New York have under consideration a Personal Liberty Bill, especially designed to meet the case of fugitive slaves, but drawn with great skill and discretion. It forbids the State officers of all descriptions to take any part as officials in the extradition of slaves, leaving the performance of such disagreeable duty entirely to the employees of the General Government. It provides the means of defence to any person unjustly claimed and who may be unable to defray the expenses of litigation against a wealthy kidnapper: a course which is not merely blameless but counts to future as a patriotic obligation to every inhabitant. That a person found in New York, and therefore *prima facie* a citizen thereof, should be through ignorance or poverty dragged away to slavery because unable to maintain by due process of law his own rights would be the basest desertion of its duty on the part of a government which owes its support to the protection of life, liberty and property which it affords in return. The bill further strengthens the law against holding any person in that State as a slave, or by purchase, sale or otherwise treating him as such: and vindicates the right of the State to admit Negroes as citizens. The latter point is no doubt made to guard against the logical consequences of the Dred Scott decision, or rather of the speeches made by some of the judges who pronounced it, and to vindicate the right of a Northern State, seriously threatened by the ground then assumed, to determine for itself who shall be its citizens.  
We do not see how the astute slave-catcher can hunt out unconstitutionality in any of these measures. Some separate clauses secure a jury trial to the alleged slave, and this may be considered yet an open question. Let the blame of deciding adversely to human freedom rest, if rest it must, where it belongs, and not on the government of any free State.  
—Four hundred and thirty-six slaves have been sold in two days from a single estate in Georgia, bringing the gross sum of \$303,850. They belonged to Pierce M. Butler, (the divorced husband of Fanny Kemble Butler,) and until thus scattered throughout the South in the hands of their various purchasers had never been off or removed from the hereditary plantations of the family. What would be the feeling if the same number of inhabitants of Newport, closely connected by blood, by affection and by social ties, were forced by the will of a single despot to scatter themselves over half the Union even as free men and not as slaves.  
—A queer case is pending in New York. A rich widow offered \$1000 to one Nellis to find her a husband, and after several ineffectual efforts he succeeded, and got her married to a cousin of his own.  
Now the ungrateful cousin and the elderly widow are sued for the fee, which they decline to pay, on the ground that the contract was against public policy and void. We decidedly agree with them. If rich widows in addition to all the other dangers which attend them (per Weller J. J. Pickw.) are to go about offering \$1000 per head for likely young men, the single ladies will fare harder than ever.

—The Old Grange State looks off nobly in the Spring Elections. The Republican case—not called straight Republicanism here because there are no crested ones to distinguish them from, have swept the State. Rhode Island will doubtless follow her example.  
—The telegraph to-night may bring us the name of the new Postmaster General. Cave Johnson who has filled the office before, Horatio King (present first Assistant) and Isaac J. Fowler, (Postmaster of New York City) are prominent names. The latter is the only one from whom the North can expect a shadow of justice.

## NEW MUSIC.

Oliver Ditson & Co. have published the following music:  
Song of the Woods: A bold, dashing song. It is written in D, moves quite rapidly and will require some practice; but when well sung, will be in no slight degree exhilarating.  
Newport Lancer Quadrille: This is a still different arrangement of this multifarious dance, from any which we have heretofore seen. The figure is given fully, which will enable any one to dance the set, whether previously acquainted with it or not.  
O Could I but his heart enslave: All English musical critics besides some not so musical, have been or are now, severely exercised in mind concerning Bolfe's new Opera—Satanella. If any of our readers are ignorant of the character of the work, we would remark by way of information, that the first five letters found in its title, indicate it quite accurately. The song last mentioned, is an extract from the Opera, and is sung by Satanella herself. While disposed to find no fault with the music, the words we will say, are not at all to our liking. It is somewhat difficult and strange.

Mother Bailey: Song, and Chorus, founded upon two incidents in the life of this patriotic lady. The one her long, difficult, dangerous journey, to place the dying moments of an Uncle, fatally wounded at Groton Fort—the other her furnishing carriage flannel, in a way only possible for ladies to do. The music is quite easy, and will be pleasing.  
Who shall be fairest, Song by Frank K Mori. A pleasant, lovely, melody, of good design, and with little attention readily sung. Far superior to the majority of publications, it will give satisfaction to both students and listeners.  
Texas Polka. This Polka has a good design, and is well worked out. It lacks Providence Light Infantry Polka. Composed by Almira E. Moore of Providence. Miss Moore has made herself acquainted with the laws of composition. In this Polka, she has developed a strong, well marked melody, and one which, when played by nimble fingers, will be very inspiring. We think it will be popular.  
The above can be had at the city music store of T. W. Wood.

## XXXVTH CONGRESS.

Second Session.  
WASHINGTON, March 7.  
Senate.  
Mr. Seward's resolution, calling on the Secretary of war for copies of contracts which have been made for the removal of the obstructions at the mouth of the Mississippi, the amount expended therefor, and to whom paid, was adopted.  
Mr. Brown presented a memorial from Messrs. Pettibone & Boelter binders of extra documents for the Senate, alleging that owing to the small amount of binding they have had, as contrasted with previous years, they have lost money, and therefore ask indemnity.  
On motion of Mr. Mason, the memorial was tabled by 42 against 5.  
The Senate then went into Secret Session.  
No public business was transacted, and as soon as the doors opened the Senate adjourned.  
Senate—Extra Session.  
WASHINGTON, March 8, 1859.  
The Vice-President presented a memorial from citizens of Nebraska, protesting against the annexation of a portion of their Territory to Kansas.  
Mr. Hile called up his resolution, that no part of the Senate wing shall be occupied except for the purposes of the Senate, Supreme Court, or Court of Claims. He wished to prevent the rooms from being occupied by quack doctors and steam engines, for the cure of invalids.  
Mr. Fitch, who is a physician, agreed with Mr. Hile so far as quack doctors were concerned, and was for confining cures to the regular faculty.  
On motion of Mr. Bright, the resolution was referred to the Committee on Public Buildings.  
The Senate went into secret session.  
Mr. John Nugent, who, it will be remembered, issued a spread-eagle card to the Americans who visited the Frater river gold mines, some months ago, complaining of the difficulty in procuring justice from the authorities of British Columbia, has been repudiated by the Americans, who deny his authority to speak for them—although by precedent he is entitled to speak for some one, as he has shown himself a consummate ass.

## LOCAL INTELLIGENCE.

SUMMER MANSIONS RENTED.—We learn from Alfred Smith, Esq., that there are now forty-six cottages rented for the season, which is a much larger number than have ever before been rented so early in the Spring. Last year at this time only eleven had been rented. Everything looks now as if the approaching season would prove the most brilliant one that has ever been known in Newport. As there are so many cottages already rented, we shall probably publish our annual list of "Summer Mansions Rented," in a few weeks, much earlier than we have usually put it before the public.

NEW INVENTION.—We were shown, a few days since, by Henry Bellow, Esq., a new invention of his for curing smoky chimneys. The same apparatus can also be applied to the ventilation of buildings and railroad cars; and besides its combination of useful qualities, is neat and tasteful in its construction; thus presenting a striking contrast to the innumerable quantity of previous inventions for the purposes above named, the very sight of one of which would incline us, if anything could, to endure a smoking chimney, or an imperfectly ventilated apartment, deeming the remedy but very little preferable to the disease. But overlooking, as perhaps we should, the really improved appearance which this apparatus gives to a chimney, it has been shown, under all disadvantages, to be the most successful invention of the kind which has as yet been laid before the public. We understand Mr. Bellow has applied for a patent.

## GENERAL ASSEMBLY.

WEDNESDAY, March 9.  
Senate.  
Mr. Peck of East Greenwich called up from the table the resolution from the House that the General Assembly adjourn on Saturday next which was passed in concurrence.  
A message was received from the House transmitting certain bills with its action thereon; which were referred to their appropriate committees.  
An invitation was received from the Inspectors of the State Prison to visit the same, which was accepted and ordered to be communicated to the House of Representatives.  
A communication was received from Joseph H. Griffin, Commissioner of the Indian Title, relative to the Narragansett Indians; which was read and ordered to be communicated to the House.  
A communication was received from the Governor pardoning and liberating Albert H. Hewitt from his imprisonment in Providence county jail; which was read, and the resolution advising and consenting to the same passed.  
The resolution of Mr. Griffin, relative to the Insurance Company for amendment of charter; which was received and referred to the Committee on Corporations.  
Mr. Eames of Providence presented the petition of B. B. Knight and others for an act to incorporate the Pontiac Manufacturing Company; which was referred to the Committee on Corporations.  
Mr. Eames, from the Committee on the Judiciary, reported back an act authorizing the Town Council of East Greenwich to establish sidewalks in that town; which was passed.  
The resolution appropriating \$2000 to the Pawtucket Light Guard, which had been the order of the day, was taken up.  
Mr. Thurston of Hopkinton moved an amendment to appropriate \$100 to the Westerly Rifles for the building an armory.  
The amendment was supported by Messrs. Larkin of Westerly and Thurston of Hopkinton, and opposed by Messrs. Peck of East Greenwich, Fairbrother of North Providence and Eames of Providence. The question being taken, the motion to amend was not carried.  
Mr. Knowles of Newport opposed the original resolution. He read a statement showing the amount of the several appropriations made to the military companies in the State during a few years, and moved its postponement to the May session.  
Mr. Haskell of Cumberland disapproved of these continued grants of money for military companies; although he thought if any companies were entitled to money, the Pawtucket company was. He did not think the military organizations were beneficial to society.  
The Lieutenant Governor, Mr. Fairbrother of North Providence, Mr. Mason of Smithfield, and Mr. Eames of Providence supported the resolution.  
The question was taken on the postponement of the resolution, it was decided in the negative by a vote of 18 to 12. The Senate then concurred in the resolution as it came from the House.  
Mr. Eames, from the Committee on the Judiciary, reported back the petition of Francis E. Hoppin and others for an act to incorporate the City Savings Bank in Providence; which was passed in concurrence with amendment.  
Adjourned.  
House of Representatives.  
Mr. Saunders, from the Committee on Finance reported a resolution from the Senate directing the General Treasurer to pay to Robert Seattle of Newport the sum of \$30 for his services in enforcing the law for the suppression of intemperance; which was read and passed in concurrence.  
Mr. Saunders, from the Committee on Finance reported a resolution from the Senate directing General Treasurer to pay certain persons the sum of \$763.20 for their services in constructing the new bridge at Pawtucket; which was read and passed in concurrence.  
Mr. Hayes, from the Committee on the Judiciary, reported an act from the Senate in relation to the equity powers of the Supreme Court; which, after having been supported by Messrs. Van Zandt and Sheffield of Newport, and opposed by Mr. Peck of Johnston, was read a third time and passed in concurrence.  
Mr. Van Zandt, of Newport, submitted the following resolution; which was read:

Resolved, That the General Assembly has the same power of granting new trials and rehearings, that is exercised before the adoption of the present constitution of this State; and that it is the duty of the General Assembly to maintain with firmness its constitutional rights and powers.  
Mr. Hayes, of Providence, moved to amend the resolution by inserting after the word "State," "except as prohibited by the constitution," which amendment was rejected—ayes 28, noes 34.  
The resolution was opposed by Messrs. Ballou, of Smithfield, Hayes of Providence, Luther of Warren, Sheffield of Newport, and King of North Providence, and supported by Messrs. Van Zandt of Newport, Howland of Providence, and Pierce of Johnston.  
Mr. Ballou, of Smithfield, submitted a resolution for calling a constitutional convention; which was rejected.  
Mr. Newell, of Smithfield, moved that the whole subject lie on the table—rejected, ayes 29, noes 30.  
The question then recurred, Shall the resolution pass? and it was decided in the affirmative by the following vote:—Ayes 37; Noes 27.  
A resolution came down from the Senate accepting an invitation of the Inspectors of the State Prison to visit the institution under their control; which was read and passed in concurrence.  
Mr. Blake, from the Committee on State Property, reported a resolution appropriating \$4,250 for the alteration of the jail in the county of Bristol; which was read and passed in concurrence.  
Mr. Northup, of Warwick, presented a petition of the First Baptist Society in that town for leave to sell real estate; which was received and referred to the Committee on Education.  
The Speaker announced Messrs. Blake of Cumberland, Anthony of Newport, Manchester of Portsmouth, Luther of Warren, and Howland of Providence, as the special committee to inquire into and report at the next session of the General Assembly upon the colored school question.  
On motion of Mr. Sheffield, of Newport, the House passed to the consideration of the bill for establishing the line between Providence and North Providence and straightening the Woonasquatucket river.  
Mr. Saunders of Scituate presented a remonstrance against the proposed act.  
Mr. Ballou of Smithfield moved that the bill be recommitted to the Committee on Judiciary for the purpose of giving the remonstrants a hearing.  
The motion was supported by the mover, Mr. Saunders of Scituate, Mr. Van Zandt of Newport, and Mr. Wheaton of Providence, and opposed by Mr. Sheffield of Newport, Mr. Sanford of Providence, and Mr. Pierce of Johnston.  
The motion to recommit prevailed, and then the House adjourned.  
Death of the Postmaster General.  
Intelligence was received last evening of the death of Aaron V. Brown of Tennessee who has for two years filled the office of Postmaster General. He was born in Virginia on the 15th August, 1795, and graduated at Chapel Hill University in North Carolina in 1814. He then removed to Tennessee, where he studied law, and subsequently became a partner of the late President Polk. He has been in public life since 1821, of which body he remained a member eleven years. He was returned a member of the national House of Representatives in 1839, where he remained six years. In 1845, he was elected Governor of Tennessee, and failed of reelection in 1847, when he was again a candidate for the same office. He was always a strong partisan and an extreme sectionalist in his political opinions. His management of the post office has been altogether for the interest of the southern portion of the confederacy. His selection of a route for the great overland mail involved an enormous and useless expense, solely for the benefit of the south.  
Mr. Brown, we believe is the fifth person who has died while holding a place in the cabinet, since the organization of the government. The first was Hugh S. Legare of South Carolina, Secretary of State under President Tyler, who died suddenly in Boston in June, 1743. The President and a number of his cabinet were at this time in the metropolis of New England, attending the celebration of the completion of the Bunker Hill Monument. Mr. Legare's successor in office, Abel P. Upshur of Virginia, was killed on board the steamer Princeton in February, 1844, by the explosion of a gun. His colleague in the cabinet as Secretary of War, Thomas W. Gilmer of Virginia, met his death at the same time. Daniel Webster, all recollect, died in October, 1852, while occupying the post of Secretary of State in Mr. Fillmore's administration.—Prov. Journal.

TESTIMONIALS.  
Richmond, MeHenry Co., Ill., Dec. 8, 1858.  
Dr. S. T. W. SANFORD, Dear Sir:—I am here on my mission ground, and feel myself under great obligation to your medicine for bringing me here, fitted for active service. I have used it myself and given it to my family, and have found it to be all that is recommended to be a specific for Head Ache, and Dyspepsia, and Jaundice. I have used it freely, and used it all; but am afraid if I fare as others do, I shall be obliged to testify efficacy in Fever and Ague. I have looked in several Apothecary Shops here, and do not find it; it should be here.  
Very respectfully yours, &c.,  
REV. L. K. LOCKWOOD.  
Dec. 20th, 1858.  
I have used the Liver Invigorator, prepared by Dr. Sanford, in my family during the past Summer, and have found it to be a Medicine of great value for the purpose for which it is recommended. It has also been used by others in my congregation, from whom it has received high commendation.  
J. W. VAN BUREN,  
Pastor of the Reformed Dutch Church, New Lots, Long Island.  
Boston, Feb. 22, 1859.  
Messrs. M. S. BURN & Co., No. 1 Cornhill, Boston.  
Gents:—I have the pleasure to assure you that the Sanford's Liver Invigorator purchased of you for use in my family, has proved equal to my highest expectations, and I have recommended it to many of my friends similarly afflicted. I feel that it is almost a specific in such complaints, and am willing that you should use my name for the good of the afflicted, if by so doing they may be induced to try it and be relieved.  
Assuring you of my continued health, I remain, very respectfully, your ob't servant,  
JAMES G. BLAKE.  
Certificate.—I have used your valuable medicine in my own family with great success and have mentioned it in the local columns of my paper. I am, generally speaking, opposed to patent medicines, but your Invigorator makes an honorable exception. By its use my wife was entirely cured of twenty years' sick head-ache. With highest regard, yours most obediently,
